

244 CLUB PRESENTS

CV 101

A PRACTICAL GUIDE TO BUILDING A CV

- 01 — Why your CV matters
- 02 — What makes a good CV
- 03 — Anatomy of a CV
- 04 — How to write strong bullet points
- 05 — Weak → Strong
- 06 — Final CV checklist

CREATE A CV THAT GETS YOU THE INTERVIEW.

01 — WHY YOUR CV MATTERS

FIRST IMPRESSIONS COUNT.

Your CV is often the first impression
a recruiter has of you.

You might have the skills, experience and potential —
but if your CV doesn't communicate that clearly,
you may never get the chance to show it.

THE GOAL ISN'T

To tell your whole story.

THE GOAL IS

To make a recruiter think:
“I want to meet this person.”

THE 244 RULE

DON'T JUST TELL THEM. PROVE IT.

Every claim on your CV should be backed by evidence:
something you did, built, led or achieved.

Clear · Relevant · Specific · Impactful · Concise

02 — WHAT MAKES A “GOOD CV”?

YOUR CV HAS ONE JOB: GET YOU THE INTERVIEW.

A GREAT CV IS:

CLEAR	Easy to read. Easy to scan.
-------	-----------------------------

RELEVANT	Focused on what matters for the role you're applying to.
----------	--

SPECIFIC	Uses evidence, numbers and real examples.
----------	---

IMPACTFUL	Shows what you achieved, not just what you did.
-----------	---

CONCISE	Every line earns its place.
---------	-----------------------------

THE 244 RULE

DON'T JUST TELL THEM. PROVE IT.

WEAK

“Strong leadership skills.”

STRONG

“Co-founded a community of 150+ members across 30+ universities.”

03 — ANATOMY OF A CV

YOUR CV SHOULD TELL A STORY.

A recruiter should understand who you are, what you've done
and why you're worth interviewing — within seconds.

01 HEADER & EDUCATION

Keep it simple: name, contact details & LinkedIn. Then university, degree, grades & relevant achievements.

Yusseni Rafael Dos Santos Furtado		
+447349176858 yussenifurtado@hotmail.com		
EDUCATION		
University of Bath Beng(Hons) Integrated Mechanical and Electrical Engineering (Year 1 grade: 67%)		2024 - 2027
• Relevant modules: Mathematics, Computing and Data Analysis		
Lycée Français du Cap Cape Town General Baccalaureate Mathematics, Physics, Further Maths		2020 - 2024

02 EXPERIENCE

Prioritise relevant experience. Focus on what you achieved, not just your responsibilities.

Deutsche Bank	April 2026
Spring Intern (Received Summer 2027 Internship Return Offer) London, UK	
- Selected for highly competitive Investment Banking and Capital Markets programme (<5% Acceptance rate). - Gained exposure to M&A, ECM, and DCM through technical workshops and deal case studies. - Developed financial analysis and valuation skills, including company assessment and market positioning.	
180 Degrees Consulting	September 2025 – January 2026
Consultant Bath, UK	
- Selected to provide strategic consulting for UK-based non-profit, focused on women's empowerment and leadership development. - Worked on the Grants & Fundraising workstream, developed strategies to help secure over £50K in funding. - Conducted market and donor landscape analysis to benchmark competitors, assess gaps, and recommend financing models.	
Hemera Capital Partners	July 2025 - September 2025
Summer Financial Analyst Luanda, Angola	
- Conducted comprehensive research and analysis on 30 companies in the Angolan insurance and banking sector, contributing to key strategic decisions for clients. - Collected and analysed large financial and market datasets using Excel to support internal and external investment decisions. - Built and automated Portuguese-English Excel dashboards (Pivot Tables, XLOOKUP, basic VBA) for the insurance sector, enabling real-time tracking of revenue growth, cost structures, and efficiency metrics to support strategic decision-making	

03 LEADERSHIP & ACTIVITIES

Show initiative outside the classroom: societies, sport, projects, volunteering or things you've built.

LEADERSHIP	
244 Club	January 2026 - Present
Co-Founder London, UK	
- Founded and scaled 244 Club into a 150+ member network across 30+ UK universities, identifying student needs and building a platform delivering networking, mentorship, career guidance, and access to international opportunities - Partnered with organisations including McKinsey to deliver career-focused events and access to professional opportunities	
National team captain:	
Captain of Angola's National Swimming Team in two World Junior Championships.	
VOLUNTARY SERVICE	
Lifesaving:	
Over 300 hours of voluntary lifeguarding service at Clifton Beach, Cape Town, making split-second decisions in high pressure rescue situations and collaborating effectively with other lifeguards to ensure public safety.	

04 SKILLS & LANGUAGES

Don't just claim skills: demonstrate leadership, teamwork and analysis through your bullet points. Keep a short technical skills/languages section only where useful.

LANGUAGES
Languages: English(Fluent), French(Native), Portuguese(Native), Spanish(Intermediate)

05 FORMATTING

Keep it to one page, make it easy to scan, and stay consistent with spacing, dates and fonts.

04 — HOW TO WRITE STRONG BULLET POINTS

STOP WRITING JOB DESCRIPTIONS.

ACTION + WHAT + HOW + IMPACT

Start with a strong action verb, explain what you did, how you did it, and what the result or purpose was.

WEAK

“Helped with company research.”

STRONG

“Analysed 30 companies across the banking and insurance sectors, consolidating financial data to support sector research and investor presentations.”

STRONG ACTION VERBS

Analysed · Built · Developed · Led · Designed · Created · Managed · Evaluated · Researched · Implemented · Optimised · Presented

THE “SO WHAT?” TEST

After every bullet, ask: “So what?”

If the reader cannot understand why the work mattered, make the bullet more specific.

05 — WEAK → STRONG

TURN RESPONSIBILITIES INTO ACHIEVEMENTS.

EXPERIENCE

WEAK “Managed social media for the organisation.”

STRONG “Developed social media campaigns to promote community events, contributing to events attended by 100+ students.”

LEADERSHIP

WEAK “Helped organise networking events.”

STRONG “Organised networking events connecting 100+ students across the UK.”

CONSULTING

WEAK “Worked on a fundraising project.”

STRONG “Conducted donor and competitor analysis to identify fundraising opportunities for a UK non-profit targeting £50K+ in funding.”

ENGINEERING

WEAK “Worked on vehicle telemetry.”

STRONG “Designed embedded telemetry hardware and developed Python simulations to evaluate vehicle performance and inform race strategy.”

WEAK: What was your responsibility?

STRONG: What did you actually accomplish?

WHEN POSSIBLE, ADD NUMBERS.

People · Money · Time · Growth · Scale · Output

06 — FINAL CV CHECKLIST

READY TO SEND?

CONTENT

- ☐ One page
- ☐ Relevant experience prioritised
- ☐ Achievements, not just responsibilities
- ☐ Numbers used where possible
- ☐ Strong action verbs
- ☐ Relevant technical skills included
- ☐ Skills demonstrated through experience rather than simply claimed

FORMATTING

- ☐ Clear section headings
- ☐ Consistent spacing
- ☐ Consistent dates
- ☐ Easy to scan
- ☐ Professional font
- ☐ No spelling or grammar mistakes

THE FINAL TEST

“Can someone understand who I am, what I’ve done and what I’ve achieved in 30 seconds?”

BEFORE YOU SUBMIT

- ☐ Tailored to the role
- ☐ Job description reviewed
- ☐ LinkedIn updated
- ☐ Company researched
- ☐ Correct file attached
- ☐ File named professionally

YES → SEND IT.

NO → FIX IT.
